## PHOTOGRAPHS:

Four quality photos of the horse must accompany the application: one front, one back, and one of each side. These may be printed photos, on a flash drive or emailed to [AHQHR@yahoo.com](mailto:AHQHR@yahoo.com). This media becomes property of AqHR and will not be returned to you.

## TIPS:

- Choose a non-distracting background
- be sure the horse's stance is somewhat even
- do not cut out any part of the feet, legs, head, or ears
- include a close-up photo of any brands
- 3/4 view photos are good for use on the certificate. Otherwise, a side view will be used

**THIS PAGE IS FOR DNA, HAIR SAMPLE, SUBMISSION-** Optional, unless you are unable to attain sire and/or dam signatures at the time of breeding *OR if AqHR deems necessary*. DNA is always **STONGLY** recommended, as it will establish parental verification in many cases, add credibility to your horse & its certificate, and affects the classification in which the horse is registered. If you are mailing the application, you may include the hair sample on this form. If you would rather email your application, we will first assign your horse a registration number and then email you a specified submission form.

### IMPORTANT INFORMATION:

Fill out the application completely (there are 11 sections) and get 4 photos of your horse (front, back, and each side). Upon completion, they may be returned via email or postal mail. Additional DNA kits for sire or dam may also be added to your order, if needed.

#### *What to expect:*

- Once we receive the completed application and payment, we order a parental verification DNA test for your horse. In some cases, it will be PV for one or the other parent; rather than both
- If your application is received via email or web, you will receive the specified DNA submission form via email within 3-5 business days from when we receive your application.
- You print off the form and mail the hair sample directly to the lab for processing.
- If you are submitting your registration application via postal mail, you may include the hair sample using the bottom portion of this page below and we will send it to the lab for you.
- The lab sends us the report with the results.
- We are then able to complete and issue your horse's registration certificate which will arrive via USPS.
- Typical processing time is 4-6 weeks. We do offer a ***rush*** option if you need the certificate quicker.

Let us know if you have any questions. We look forward to welcoming you and your horses to our organization!

YOUR HORSE ***DESERVES*** TO BE REGISTERED!

#### INSTRUCTIONS:

**1.** Thoroughly wash and dry your hands. **2.** Pull (DO NOT CUT) 20-30 tail or mane hairs by wrapping hairs around forefinger. For foals, use tail hairs only. Grasp hair close to the animal's body to ensure roots are included. Pull straight toward your body. Visually check that roots are attached to hair. **DO NOT TOUCH ROOT BULBS.** **3.** Place sample in shaded box (below) with roots at left. Tape in place with tape over hair shaft on right. **4.** Indicate on the exterior of your envelope: "HAIR SAMPLE ENCLOSED".

TAPE HAIR SAMPLE BELOW  
Do Not Tape Over Follicle

Place roots here	Tape here	Place rest of hair here. Coil if necessary
